

Teacher of Secondary Mathematics @ Pinheiros

St. Nicholas School is seeking to appoint a Teacher of Mathematics for the Pinheiros campus who has three or more years' experience and who will enjoy working in a highly stimulating and dynamic international environment.

Our mission is to ignite a passion for learning, from our hearts, to others, for the world.

St. Nicholas School has two campuses and the Pinheiros campus is well established and centrally located in a cosmopolitan, attractive and busy part of São Paulo. The school is a vibrant, stimulating and happy multi-cultural environment for 680 pupils from all parts of the globe. International students make up approximately 40% of the overall school population and this can be much higher in the secondary section. International mindedness is valued, promoted and celebrated. The school provides a balanced, rich, challenging and transformative education for its diverse body of students aged from 18 months to 18 years of age, most of whom are studying in English as an additional language.

Mathematics Teacher in the Secondary School

St. Nicholas School is seeking to appoint a *Secondary Mathematics teacher/lead learner* who will enjoy working in a highly stimulating and dynamic international environment. The age range to be taught will be Grade 6 and Grade 12 and current experience teaching IB Diploma is highly advantageous. Candidates should commit to the IB Diploma and be willing to contribute to Theory of Knowledge, Extended Essays and CAS More information about St. Nicholas School can be found at:

The Mathematics Department contributes to a rich and varied learning environment at St Nicholas where all learners in year 11 and 12 follow a full IB Diploma Programme. It is a successful, and well-managed Faculty where teachers share ideas, resources and experiences. In years 7 and 8 the Department teaches a school designed programme based on a combination of the British National Curriculum and the MYP. Classes are taught in mixed groups in collaborative settings. In years 9 and 10 the Cambridge University IGCSE International Mathematics course is taught in sets with some students following a school designed course to prepare for the IB Diploma. At Diploma the faculty offers Analysis and Approaches, and Applications and Interpretation courses at Higher and Standard Level. Results in all courses are above the World average and curriculum development is ongoing to reflect the school's inquiry-based philosophy.

Candidates will bring:

- A university degree in Mathematics or a degree containing significant relevance to Mathematics, along with evidence of recent professional learning
- A recognised international teaching qualification with three years' teaching experience
- A commitment to inquiry-based learning and the school's vision and mission
- A commitment to international-mindedness and IB teaching philosophy (www.ibo.org)
- A positive and optimistic attitude toward students, learning and education.
- Additional qualities to add to the school community

For expatriate teachers St. Nicholas offers two-year contracts, which are renewable by mutual consent and include:

- A competitive salary paid in Reais
- An overseas allowance based on monthly sterling exchange rates
- Accommodation
- Private medical plan
- Flights at the beginning and end of the contract
- Visa expenses
- Professional development opportunities
- An end of contract gratuity
- Fantastic learners to work with

The safe recruitment of teaching staff is the first step to safeguarding and promoting the welfare of children in international schools. St Nicholas School is committed to safeguarding all children and promoting safer recruitment practices. The School expects all people involved in recruitment to share this commitment.

Job descriptions and further information are available on the website www.stnicholas.com.br

Letter of application should be addressed to Nicholas Thody and accompanied by a curriculum vitae and the names of three referees. Please send to recruitment@stnicholas.com.br

The deadline for application is 10th January 2021.

The school commits to safeguard all members of the community and all staff share in this commitment. All shortlisted candidates will provide references. Successful candidates will provide proof of qualifications, submit to complete and rigorous safeguarding checks.
